Applicant/operator

b.i Number	
Name of operator	

Please read the following instruction carefully

Replaxing of wax must be done with wax from organic certified apiaries. Only in the following cases non-organic beeswax may be used:

- New installations
- During the conversion period

The following conditions apply:

- Beeswax from organic beekeeping is not available on the market.
- Proof is available that the wax is free of contamination by substances not authorised for organic production.
- The wax may only come from the cap.

Authorisation by the certification body needs to be obtained before purchase.

Justification

- Non-organic beeswax is needed for new installations

Please describe the reasons:

- Non-organic beeswax is needed during the conversion period

Please describe the reasons:

Information about needed non-organic purchase:
