

What do I have to do in order to use the "Coop Miini Region" seal of quality:

	Steps to product certification
1.	<p>The Coop Miini Region guidelines are completed by the producer and countersigned by the responsible purchaser from Coop.</p> <p>Guidelines: https://www.actions-not-words.ch/en/sustainability-topics/agriculture-and-processing/regional-products.html</p>
2.	<p>The form signed by Coop and the manufacturer is sent by the manufacturer to service@bio-inspecta.ch.</p> <p>q.inspecta carries out the inspection.</p> <p>After approval by q.inspecta (on Inspectanet with information by email), the manufacturer can market the products with the Coop Miini Region seal of quality.</p>
3.	<p>After the product approval, the inspection body selected in the application carries out an inspection in accordance with the Coop Miini Region guidelines; certification is subsequently carried out by q.inspecta.</p>
